

Share the Book

There are several ways to share a book - these instructions will show 3 ways.

You have already followed the steps of the 'Complete a Book' instructions.

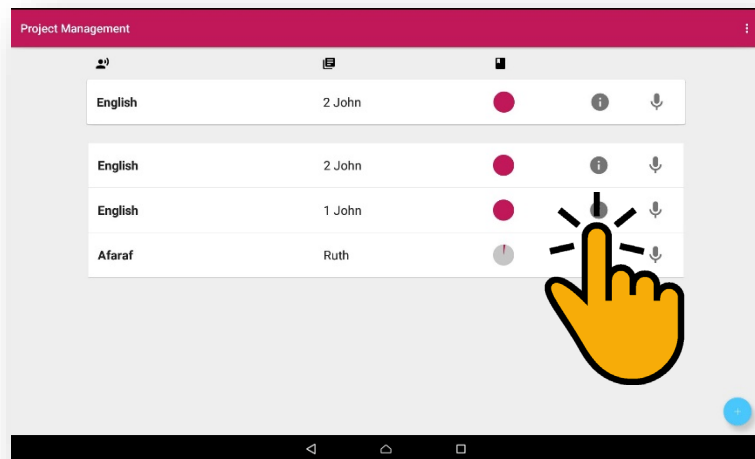

1

On the home screen, tap in the blue section (Project Manager).

2

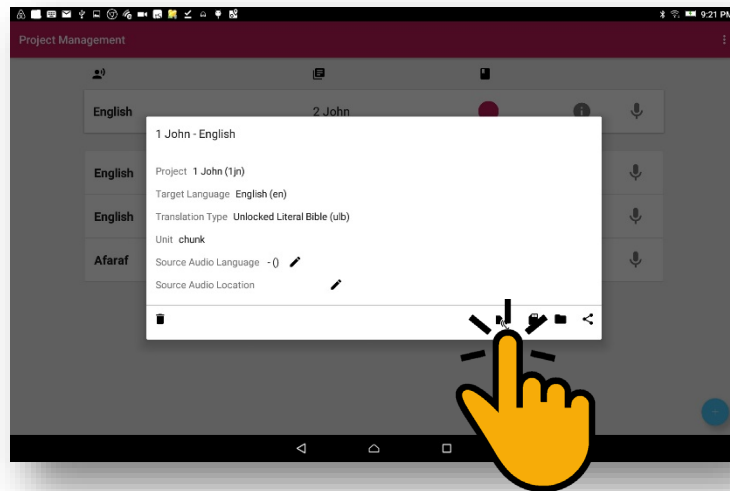

Tap on the grey circle with a white 'i' in the center to open the information for a project.

Share the completed audio as a Source Audio for translationRecorder.

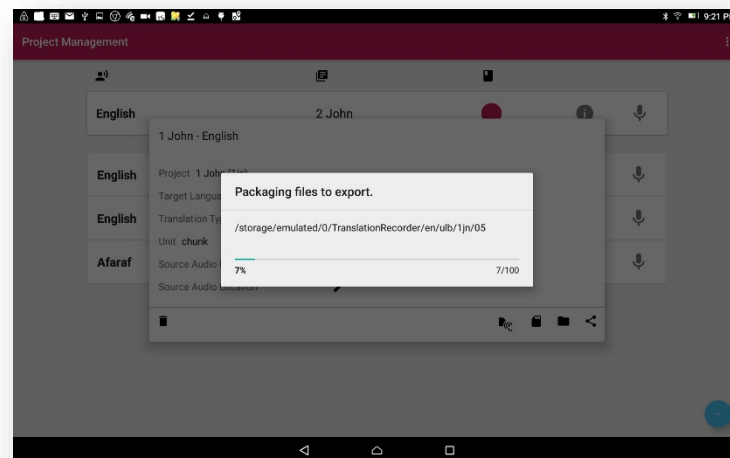

1

Tap on the icon with the ear on a SD card.

2

Wait while files are packed for exporting.

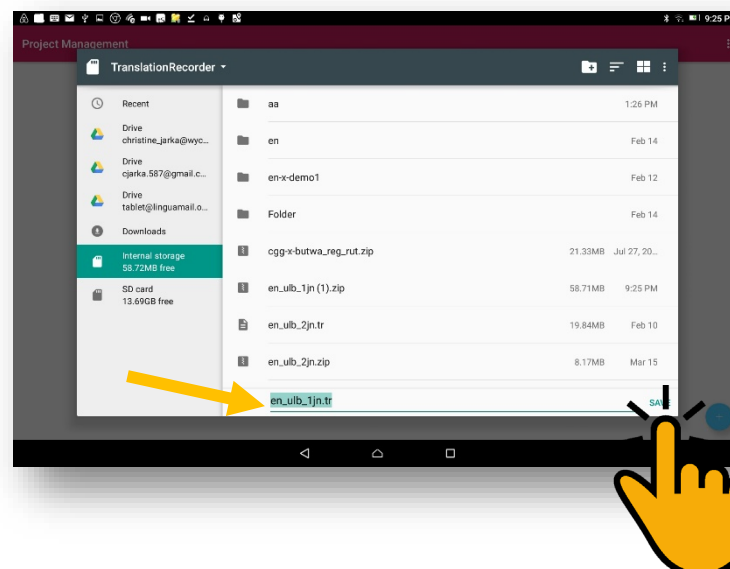

3

The tablet should save the file in the translationRecorder folder.

Do not change the name of the file.

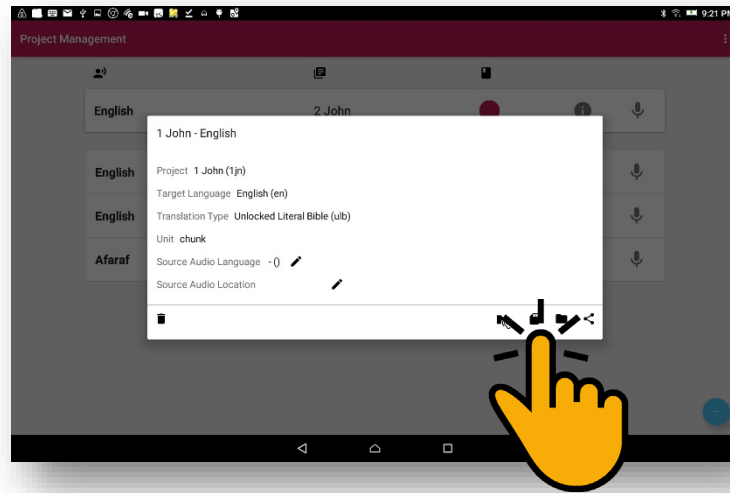

Tap on SAVE.

Share the completed audio as zipped file containing WAV files.

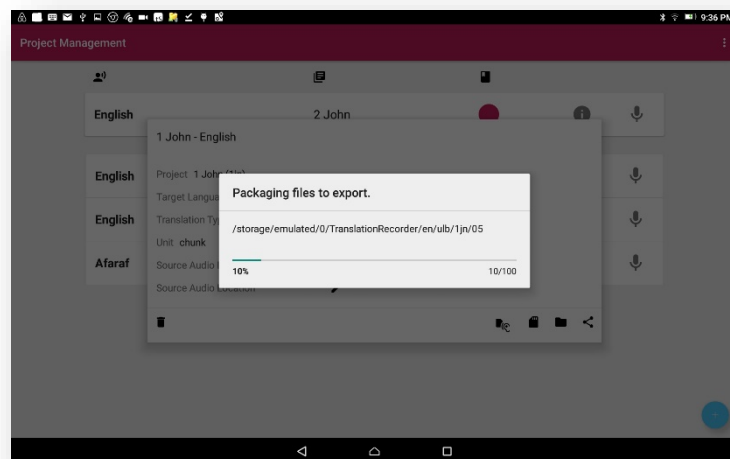

1

Tap on the SD card icon.

2

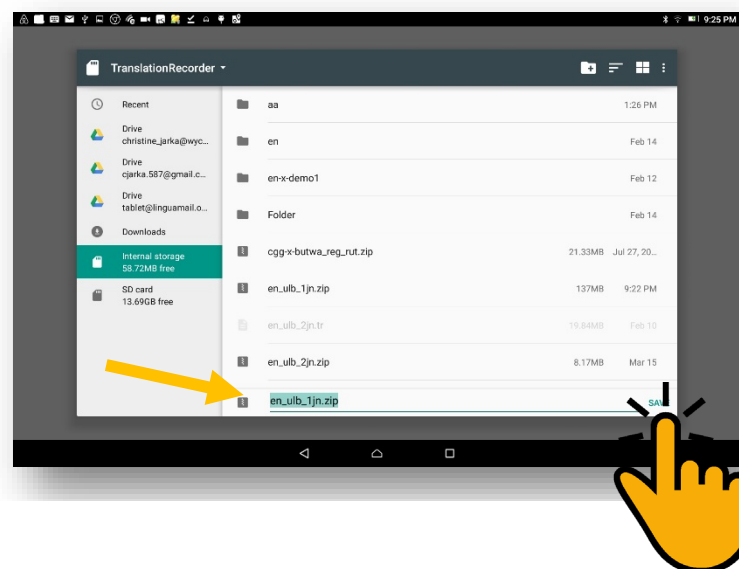

Wait while the files are processed

3

The tablet should save the file in the translationRecorder folder.

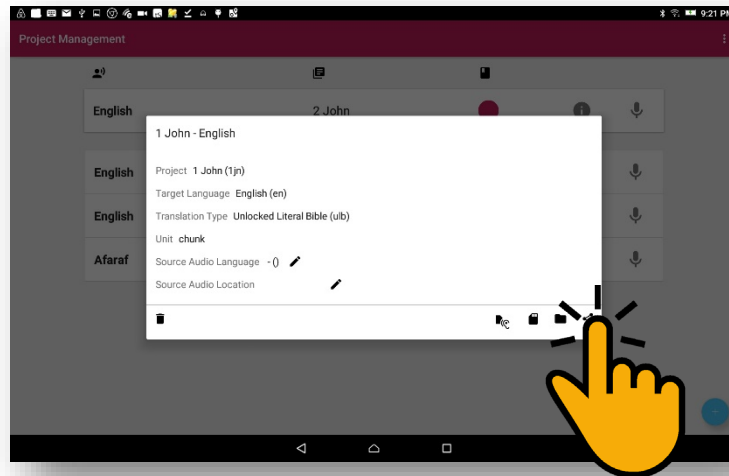

You may change the name of the file.

Share the completed audio to a folder on the SD Card.

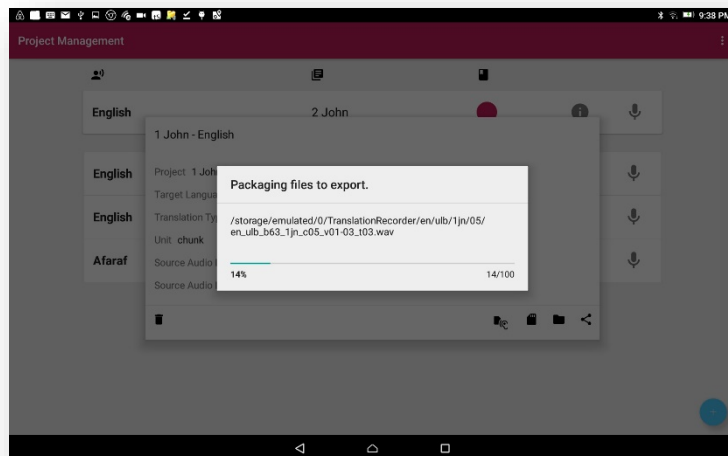

1

Tap on the share icon.

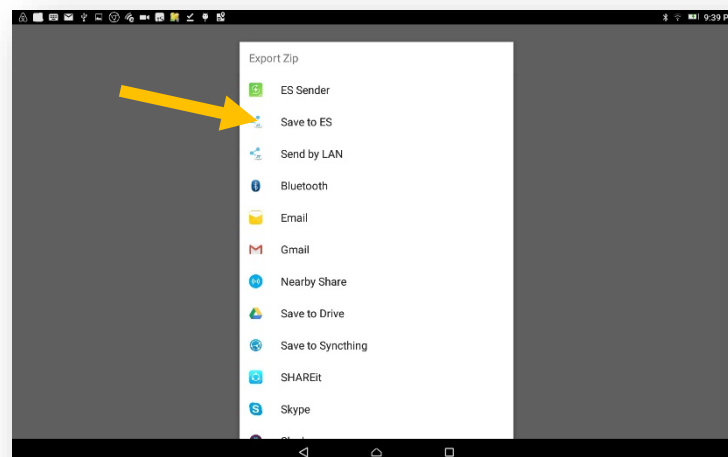

2

Wait while the files are processed

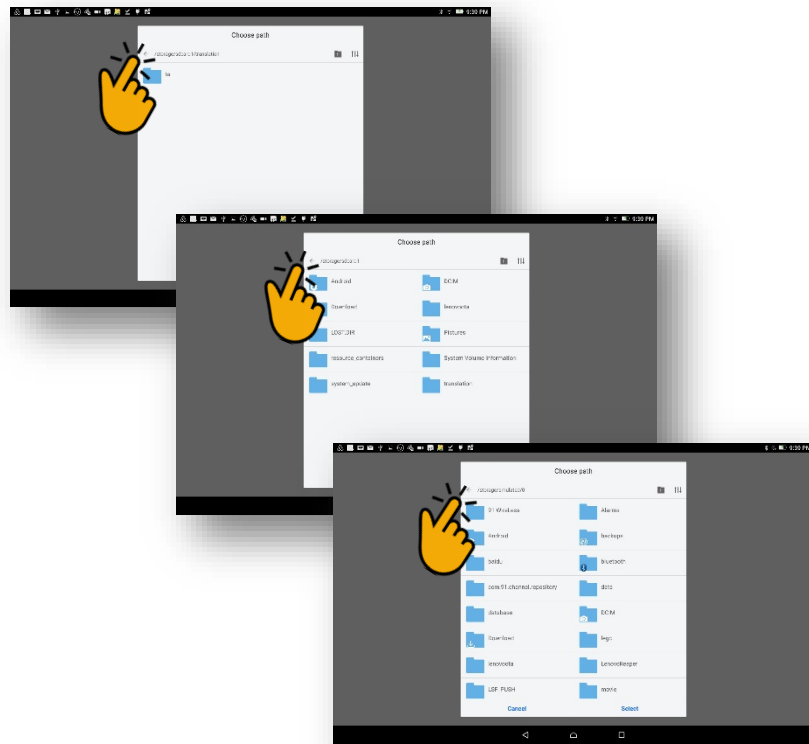

3

Choose 'Save to ES' on the menu.

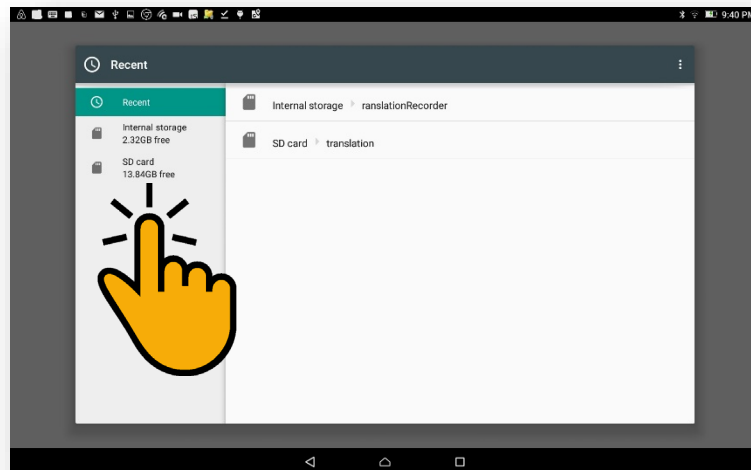

4

Tap on back arrow to go back to main folder.

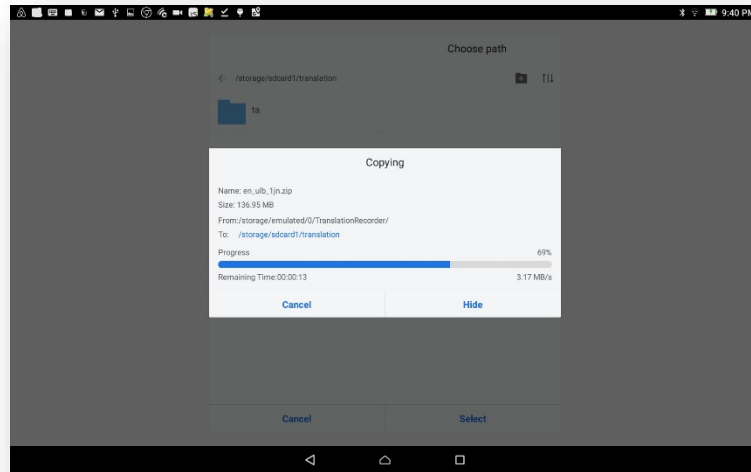

5

Tap on SD card in menu.

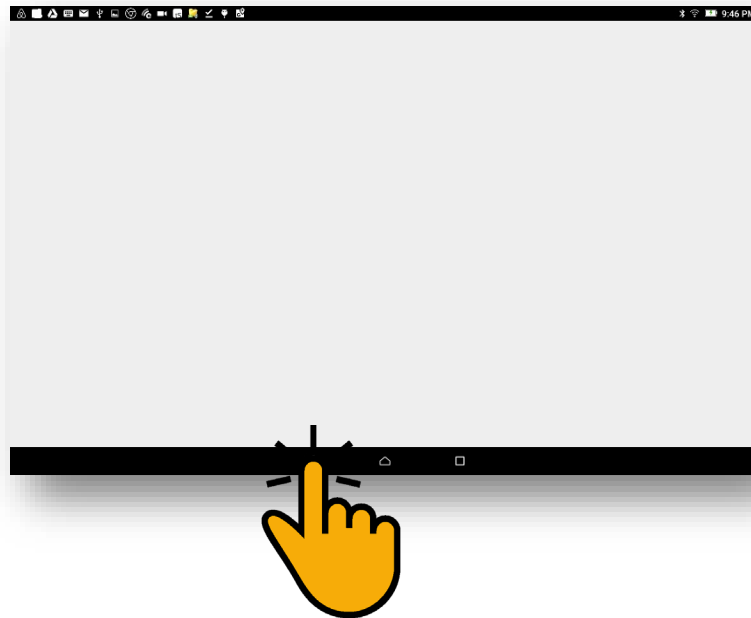

6

Wait while file is saved.

7

Tap on Android back arrow to return to menu.

The SD card can be removed and shared with others.
