

Recording with Source Audio

1

On the home screen, tap in the blue recording area.

2

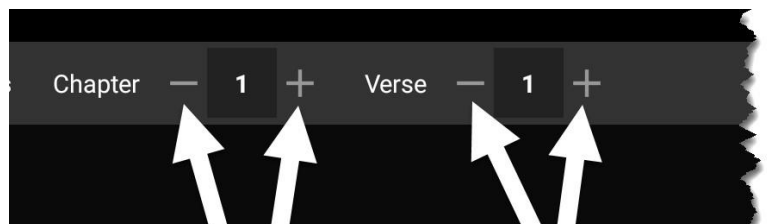

Check the information on the top gray bar:

- Target language
- Project type
- Book
- Chapter
- Verse or Chunk

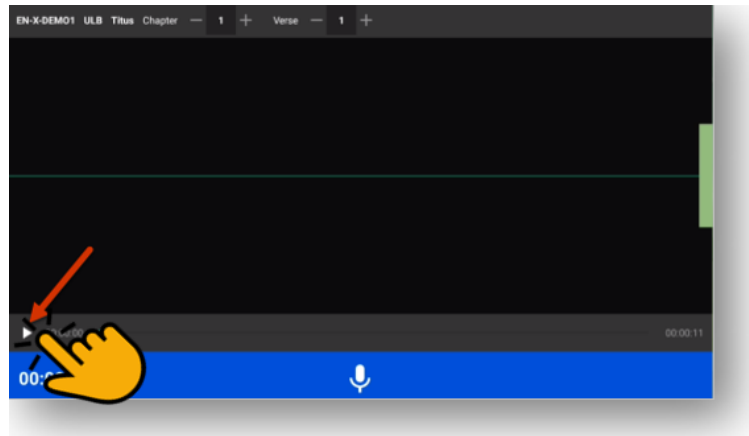

3

Use the + and – signs to select the chapter or verse/chunk to record.

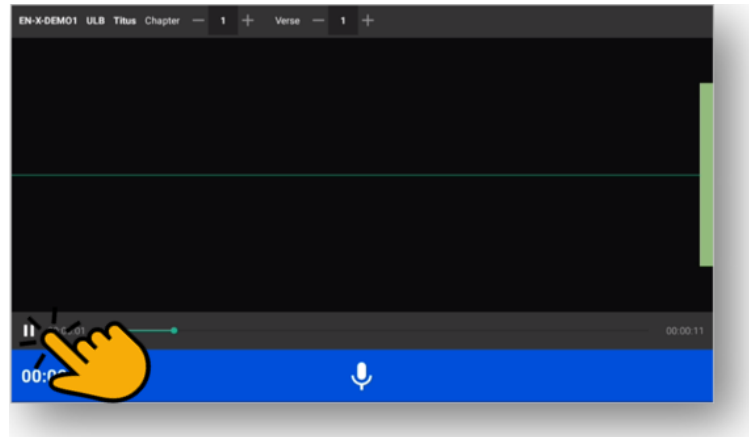

4

Tap **Play** in the source audio section to listen to it.

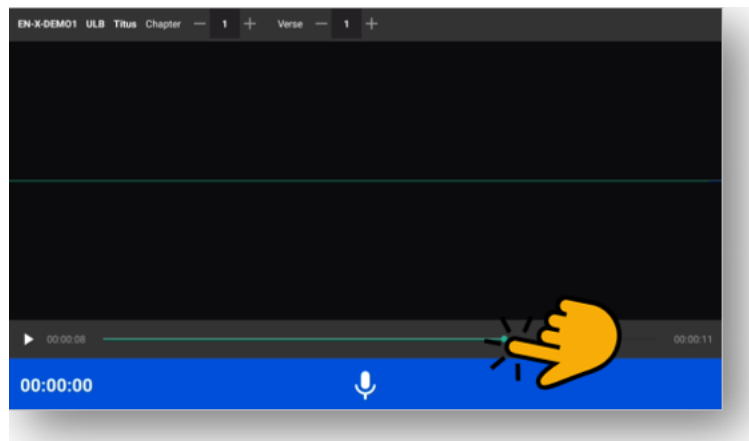

5

Tap **Pause** to pause the source audio.

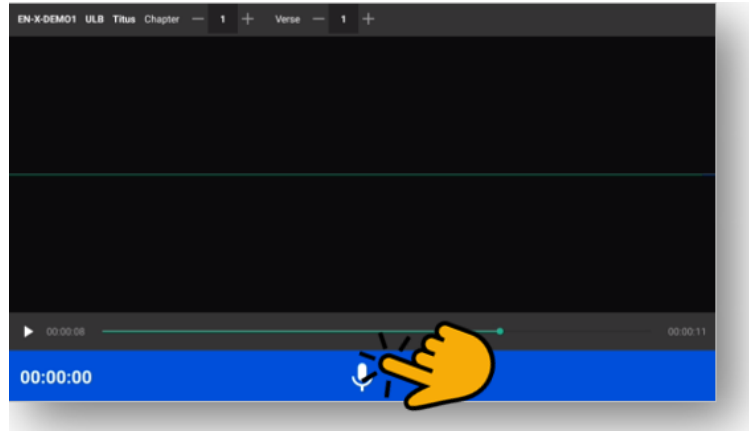

6

Tap and hold the **green dot** and drag it to move to a different position in the source audio.

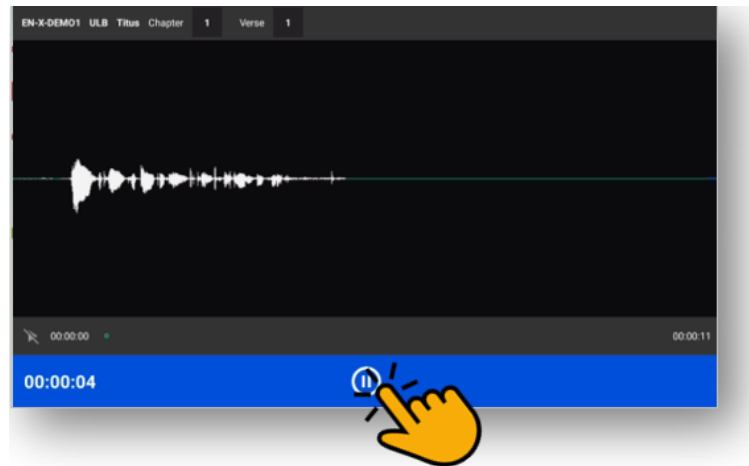

7

Tap the **Microphone** in the recording section to record the translation.

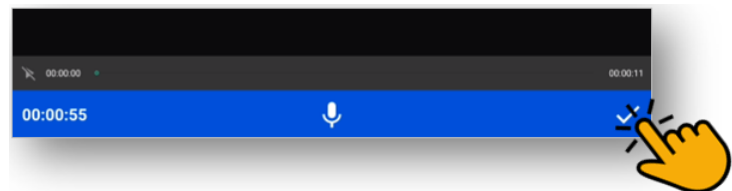

8

Tap the **Pause** when you are finished.

9

Tap the **Check Mark** when you are finished.

10

Tap **Save** to save the recording.
