

Share the Audio Files

There are several ways to share a book - these instructions will show 3 ways.
You have already followed the steps of the 'Complete a Book' instructions.

1

On the home screen, tap in the green section (Project Management).

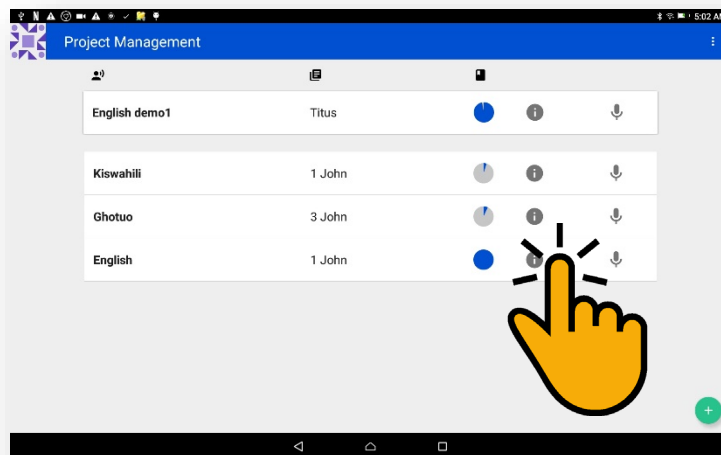

2

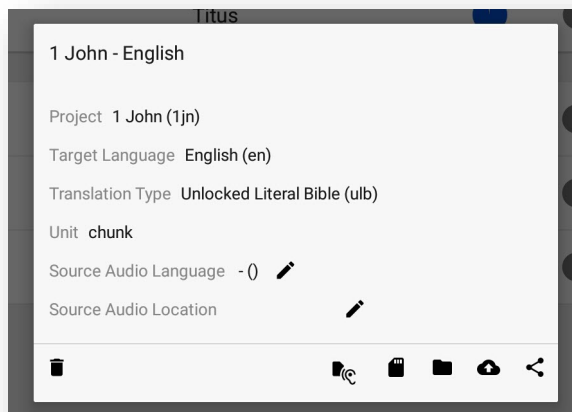

Tap on the grey circle with a white 'i' in the center to open the information for a project.

The information window opens.
This is information about the project.

Tap on an area outside of the information window to close the window.

Share the audio files as zipped file containing WAV files.

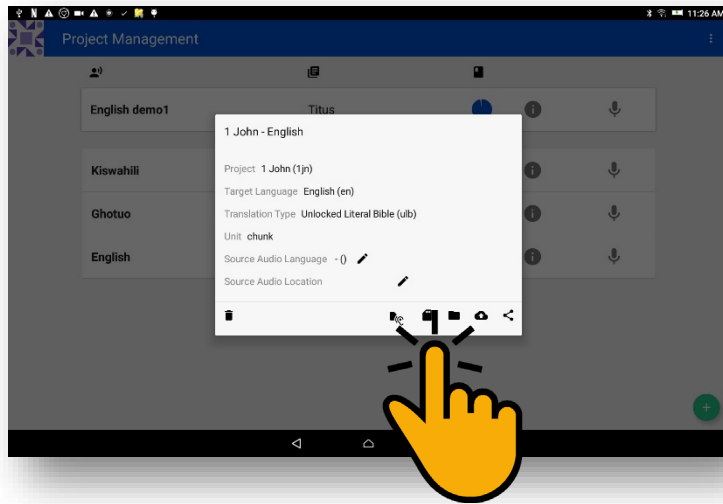

1

Saving to a zip file can be done by tapping on either icon:

SD Card

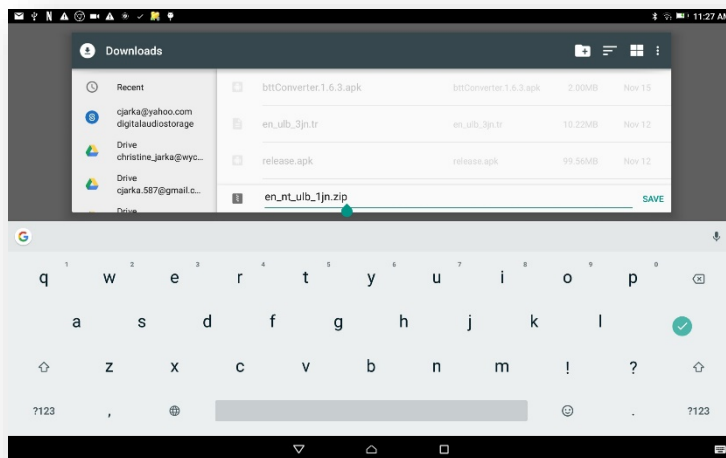

File Folder

2

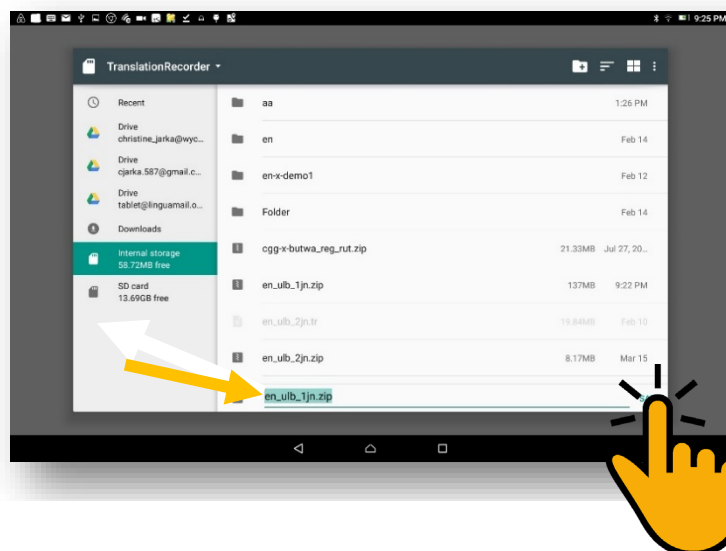

You may change the name of the file.

3

The tablet should save the file in the BTT Recorder folder.

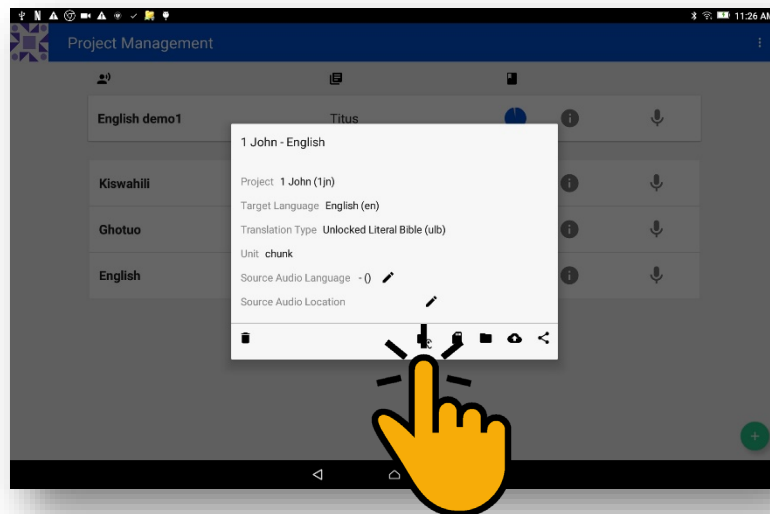

Tap SAVE.

Share the completed audio as a Source Audio for BTT Recorder:

1

Tap on the icon with the ear on a SD card.

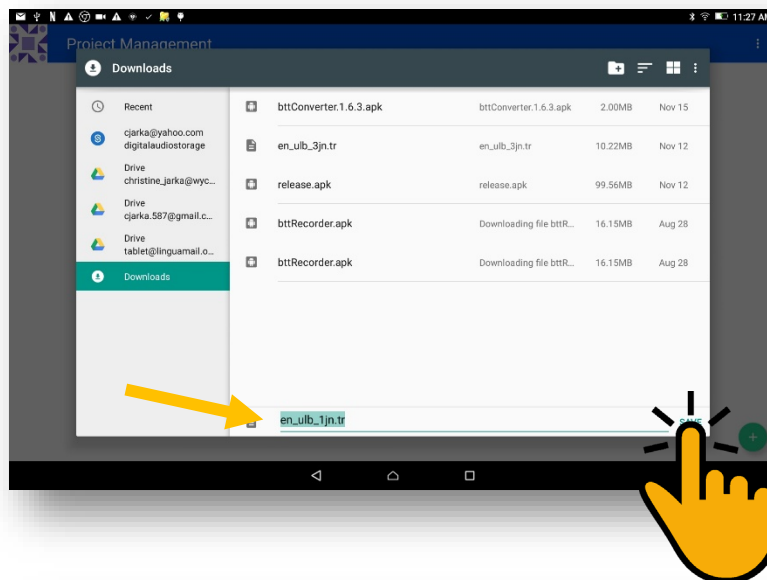

2

The tablet should save the file in the downloads folder.

Do **not** change the name of the file.

Tap on SAVE.

3

Wait while files are packed for exporting.

Tap the green OK when the process is done.
