**INSTALLING**

BTT Recorder v1.4

There are three ways to get the Installation Software:

- ▶ One – download from the Bible Translation Tools site

- ▶ Two - download from the Repository
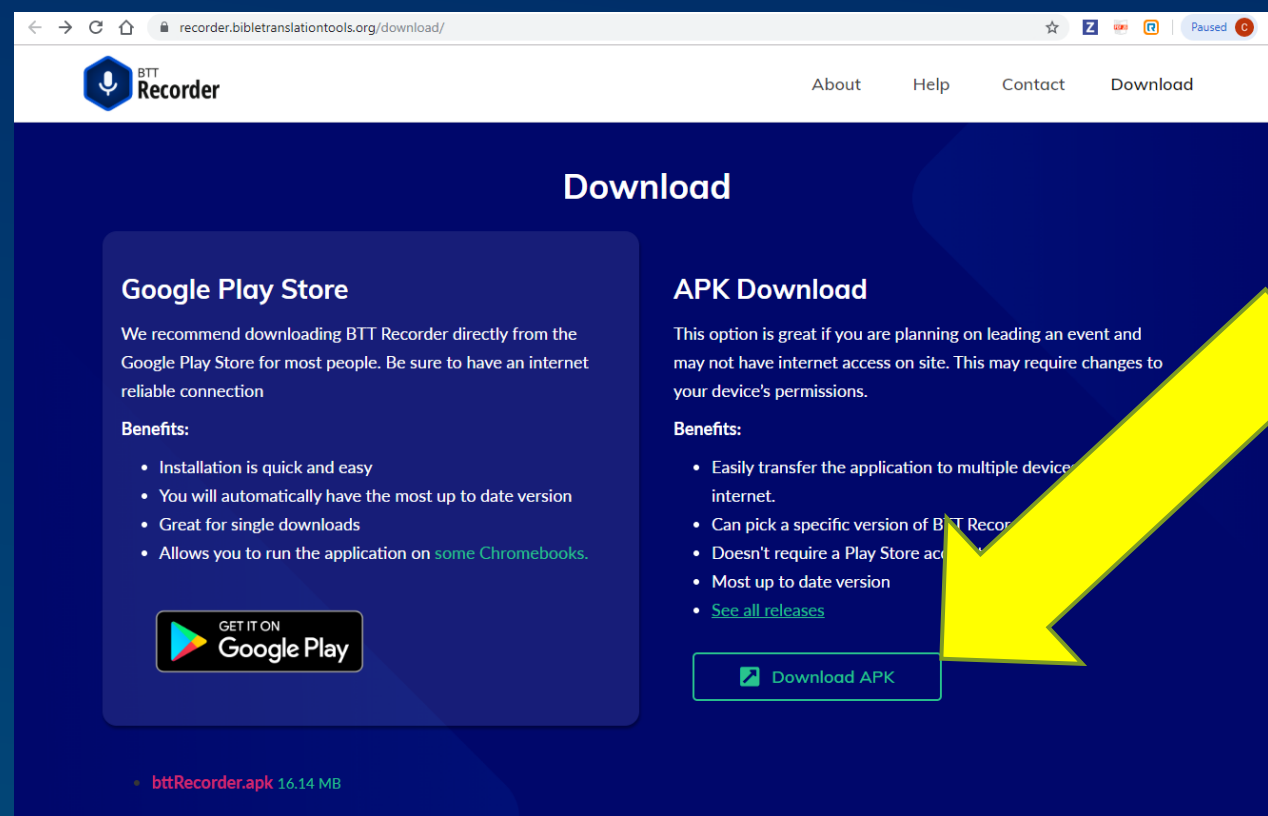

- ▶ Three – download from Google Play Store

* These 3 ways are listed in order of ease of access and process.
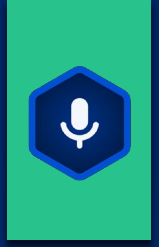

From the BTT site

Downloading Software:

▶ Go to https://recorder.bibletranslationtools.org/download/.

▶ Click on the Download APK link.

▶ Let the file download to the Android device.

From the BTT site

Installing Software:

- ▶ Navigate to the download folder.

- ▶ Tap on the bttRecorder.apk file and allow the program to install. (You may need to give permission for an APK to install on the device.)
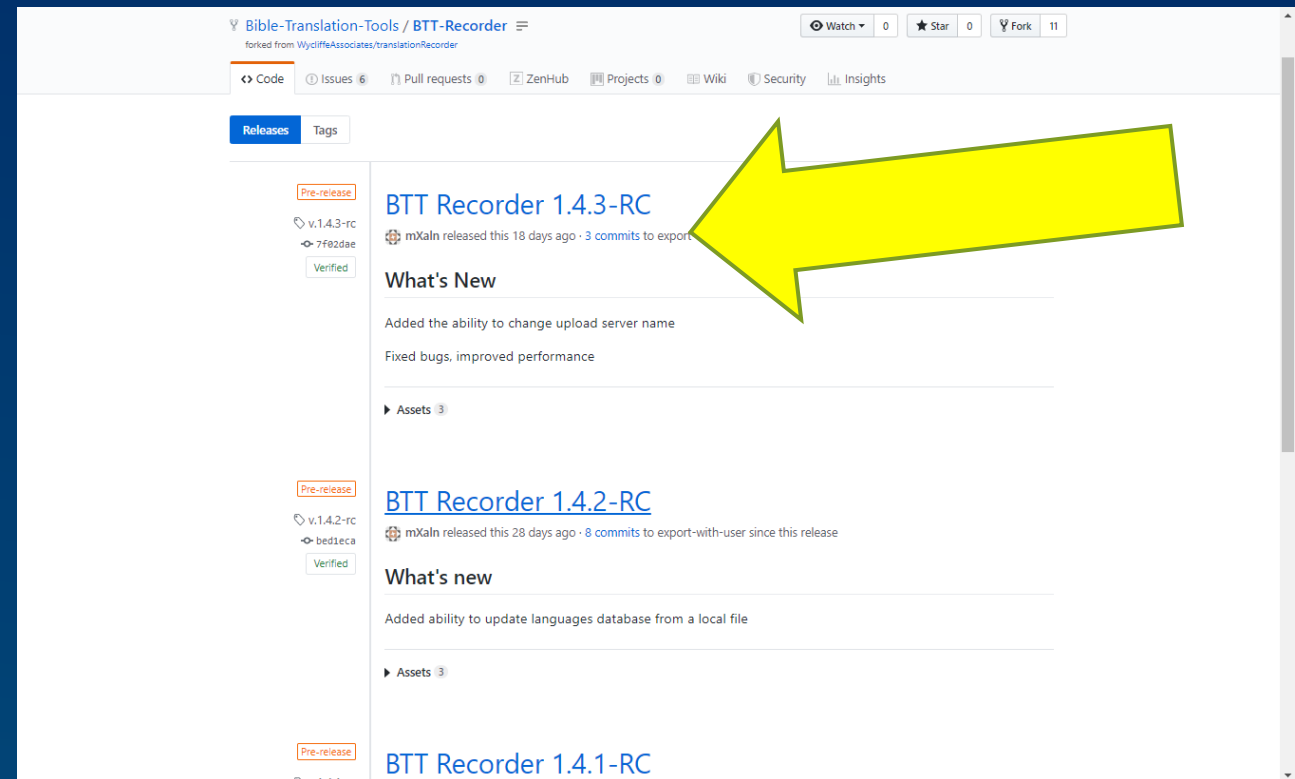

From the Repository

Downloading Software:

▶ Go to https://github.com/Bible-Translation-Tools/BTT-Recorder/releases.

▶ Tap on the first listed release (the large blue words and letters). The list of files that can be downloaded shows.
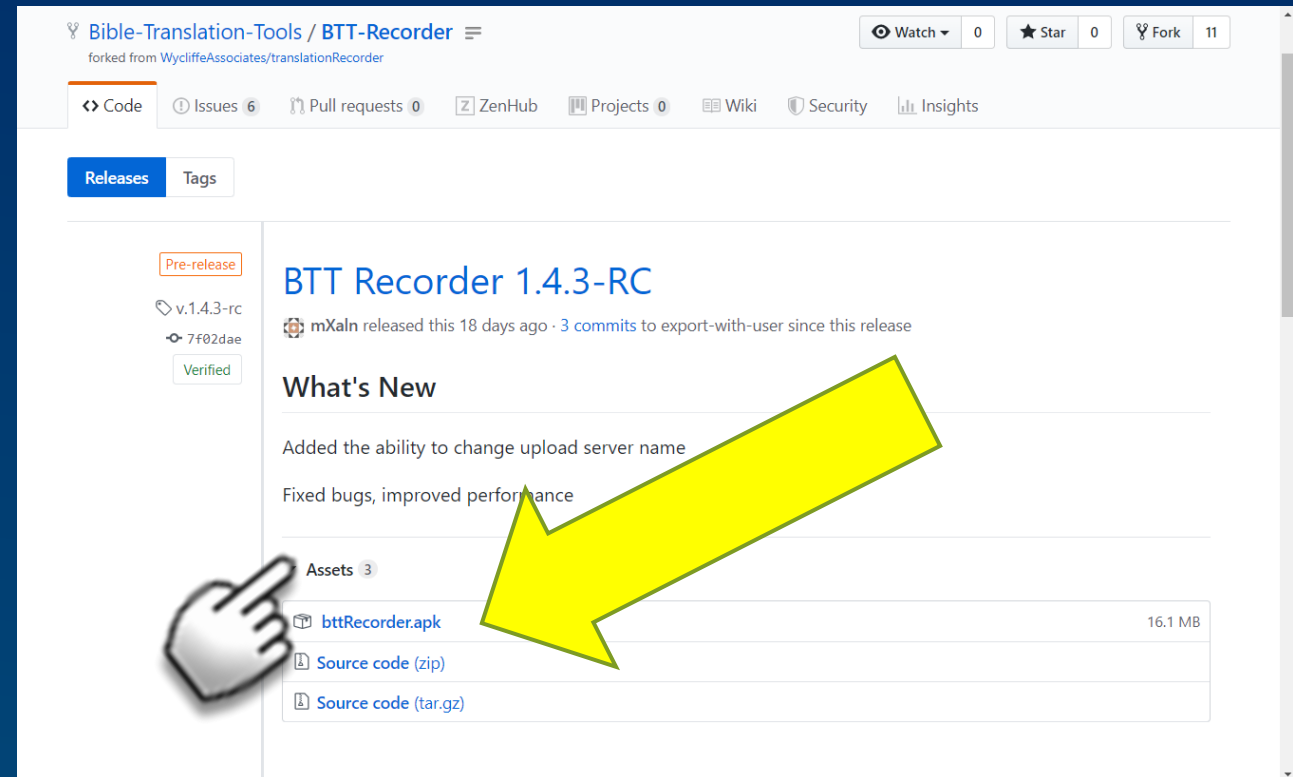

From the Repository

Downloading Software:

▶ You may need to click to open the list of Assets

▶ Tap on the bttRecorder.apk link.

▶ The APK file downloads.

From the Repository

Installing Software:

► Navigate to the download folder.

► Tap on the bttRecorder.apk file and allow the program to install. (You may need to give permission for an APK to install on the device.)

From Google Play Store

Downloading Software:

▶ Open Google Play Store on the Android device.

▶ Type in 'translationrecorder' in the search field.
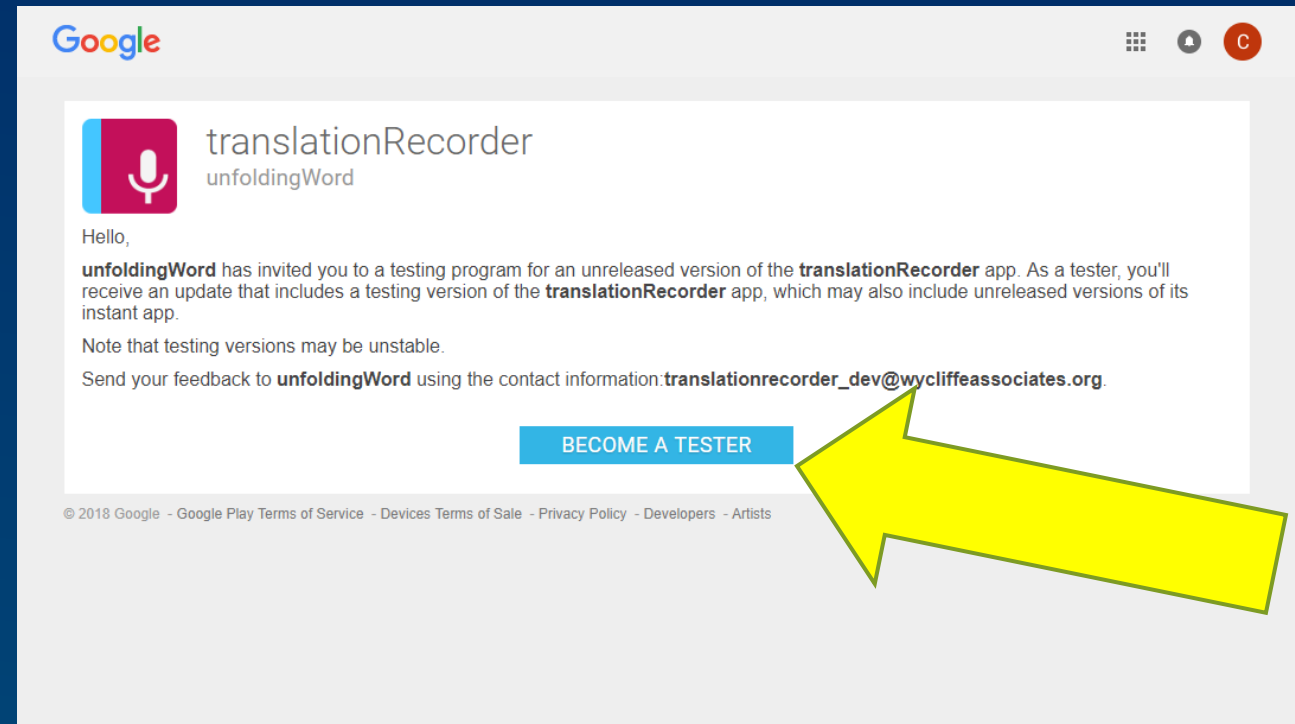

▶ Click on the translationRecorder icon.

From Google Play Store

Downloading Software:

▶ The browser opens to the install page.

▶ Tap the 'Become a Tester' blue button to become a tester.

From Google Play Store

Downloading Software:

▶ The notice that 'You are now a tester' appears.
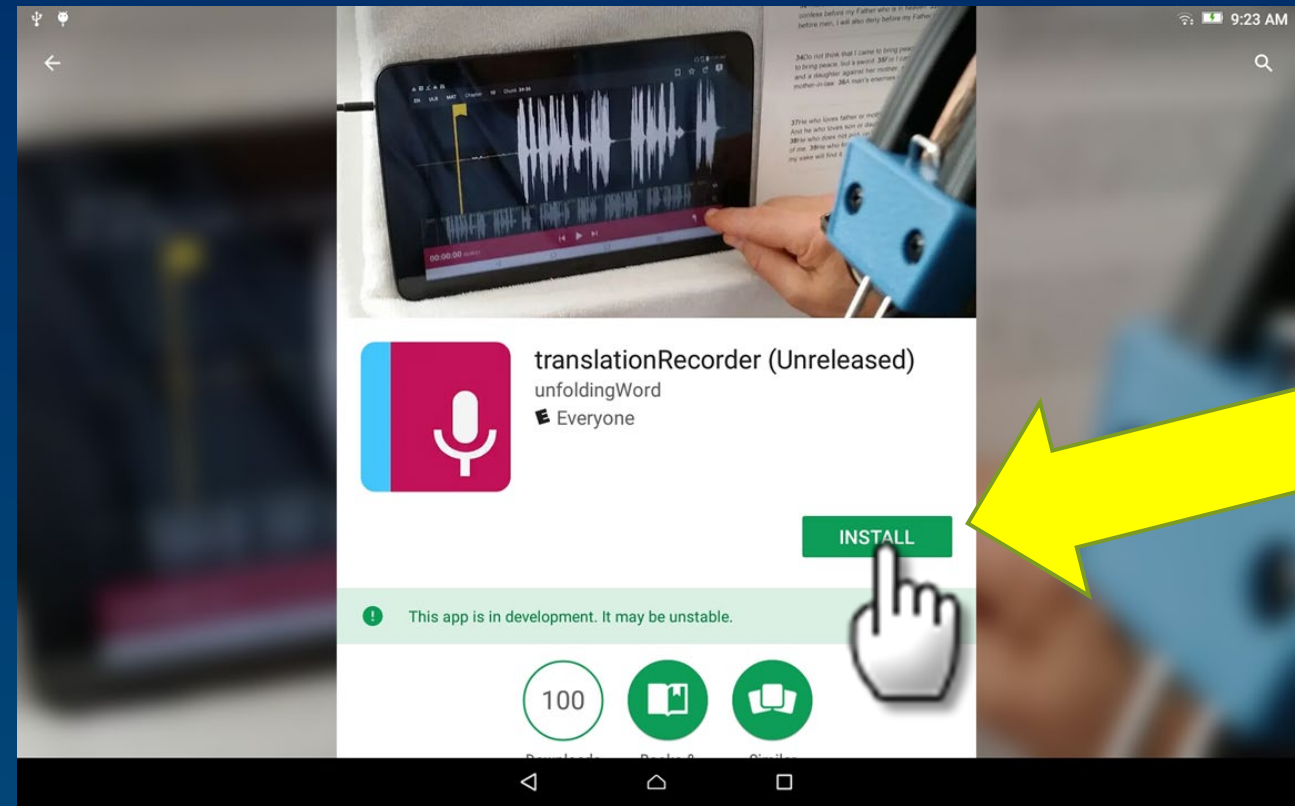

▶ Tap the link to 'download it on Google Play.'

From Google Play Store
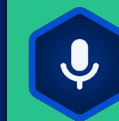

Installing software:

▶ Tap the 'Install' green button to start installing the software.

From Google Play Store

Installing software:

► Accept the software's permission to access the microphone by tapping on the green 'Accept' button.
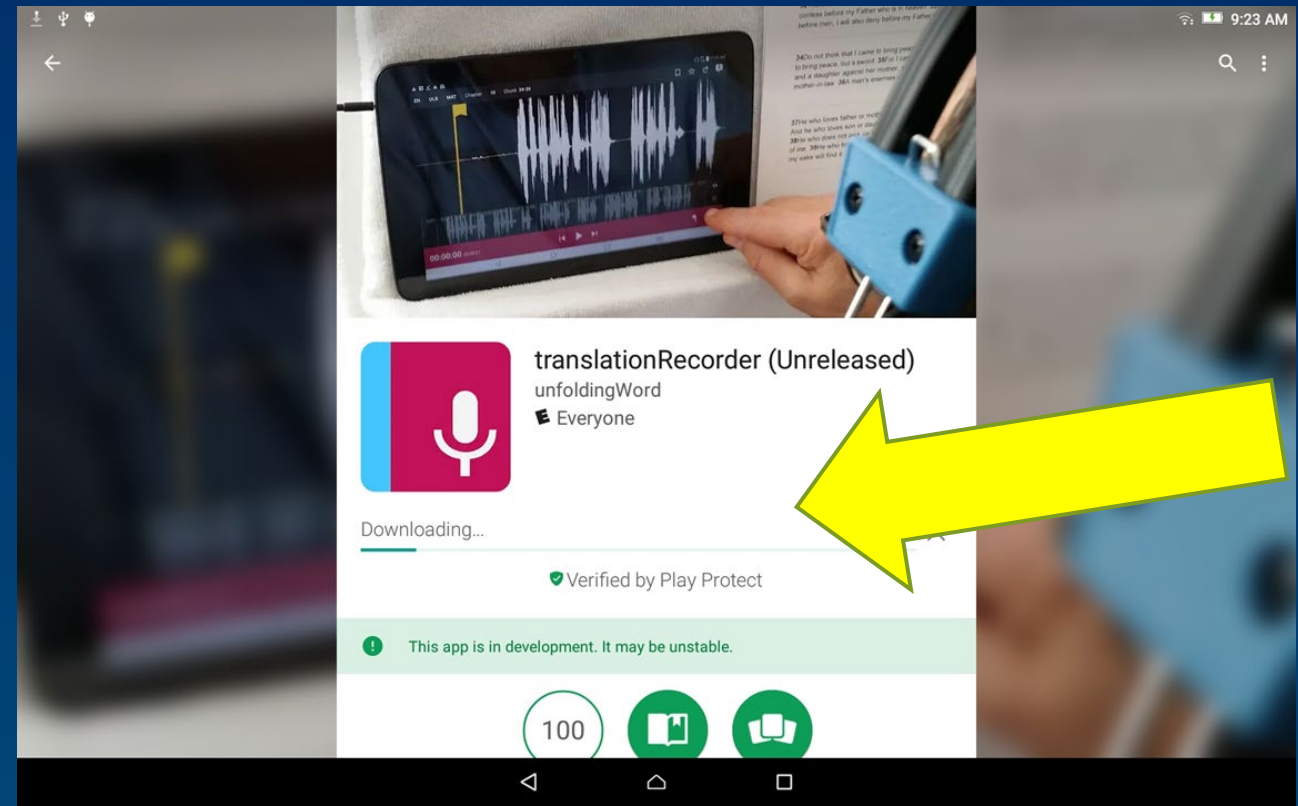

From Google Play Store

Installing software:
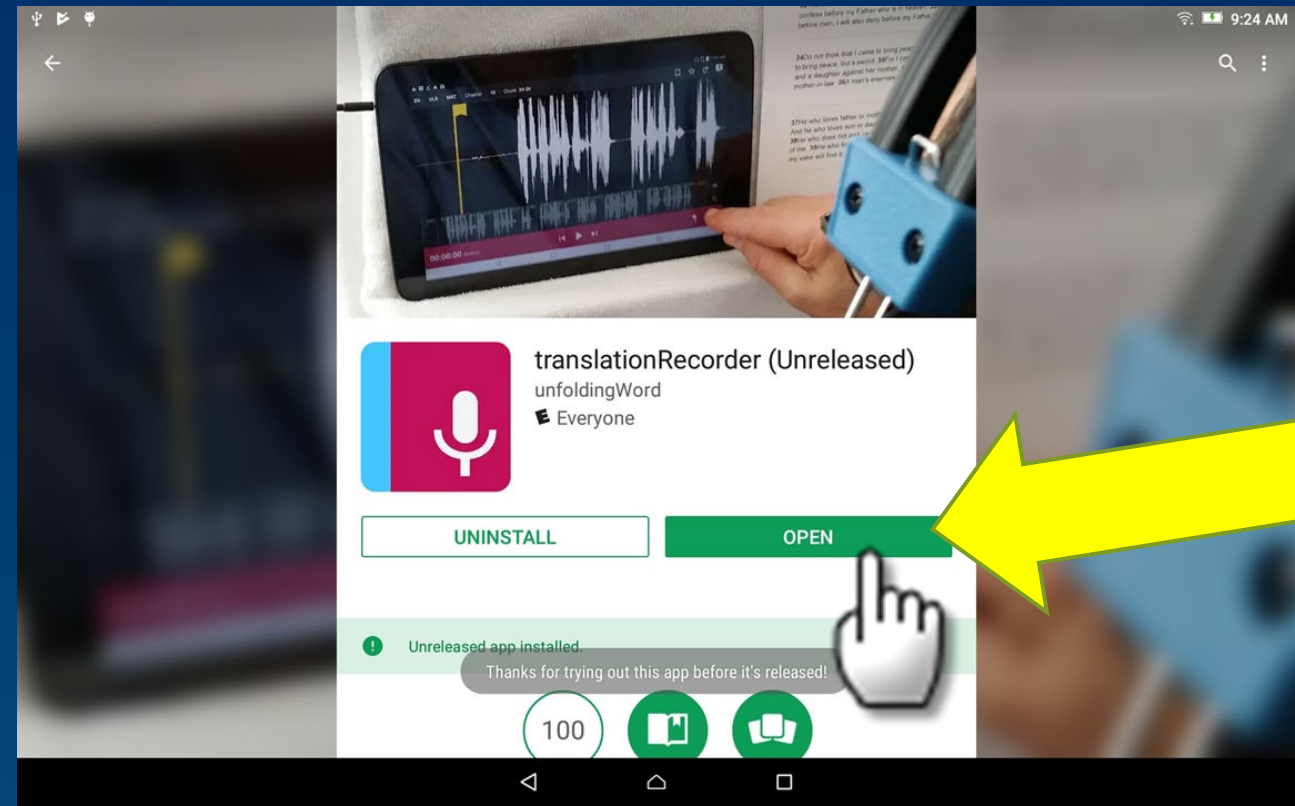

▶ Wait while the software downloads and installs.

From Google Play Store

Installing software:

▶ Tap the 'Open' green button to open the program.

BTT Recorder Installed

▶ Bible Translation Tool Recorder is opening.
